Geo. V. Forman, Esq., has resigned the office of burgess of Oil City, and Mr. Geggins has been elected to fill the vacancy.

ICE CO.—Those desiring "cold" ice can be accommodated by calling up on Sam Roemer. He dispenses no other kind.

It was stated in St. Louis Saturday night that the referee in the late prize fight has reviewed his action, and will give a final decision to-day.

D. W. Longwell will give you satisfactory prices and explosions of Nitro-Glycerine in your walls if you will but call on him.

The famous trotting horses, Lucy, American Girl and Gen. Palmer are advertised to be at the fall races of the Corry Driving Park, September 1st, 2d, 3d.

The Tribune has a long account of Grant's doleful Kane. The correspondent even goes into captures over the persistency with which the President splashed about in muddy streams to catch a few trout.

Col. William J. Nagle, formerly of the Irish Brigade, and one of the Fenians released some time ago from one of the English prisons, was killed last week by a fall from a window of his residence, 89 Madison street, N. Y.

Twenty years ago Pennsylvania was the largest wheat producing State in the Union. Now it is about the twelfth on the list. The people have turned their attention to development of that which is hidden in the earth—all coal and iron.

A sum of hotel-keepers and citizens in Oil City are combining together to import quantity of tea direct from Cuba. It is expected that tea now costing \$2 and more a pound, will be obtained for 90 cents.—Can't the same thing be done in Pennsylvania?

Officers of the Merchants' Union Express Company say the loss by the recent robbery near Albany is less than one thousand dollars. They have no information of the recovery of twenty-six thousand dollars as unclaimed from Rochester.

A man in St. Louis committed suicide last Thursday because the sickness of his wife induced her unit to support him—There is no other explanation given to the public and the only possible inference is that he died over the stoppage of his income from the toll of his wife till he actually became insane and hung himself.

GRAND OPENING PARTY OF THE STATION.—Some of our citizens are completing arrangements for a grand opening party to come off at Sabel's New Opera House, on Saturday evening next, 27th inst. The Opera House has been enlarged recently in its former plan, and the roof of the building raised to permit high walls, and the entire finish of the interior places the hall among the first in oildom. It is exceedingly appropriate that the hall should be opened with a grand select party, and for some time the project of a select company has been under consideration, and when the plans are consummated, the same will be upon Friday evening next.

SOME EXCITEMENT.—A large party of oil operators from Pleasantville, passed through this place this morning, on the early train, on their way to Parker's Landing, on a prospecting tour.

The highest price at which gold was sold since the commencement of the late civil war was 285%, at which figure sales were made on "Change" at New York on the 11th of July, 1864. Hence the lowest gold value to which legal tender fell was thirty-five cents per dollar, and the highest discount which currency attained was sixty-five percent.

Oil will be in full swing to-day, and the operators must start all operations before 12 o'clock in the same form as which resolved by the invited. This will be the inaugural party of the season, and no doubt the largest that will assemble.

At the Democratic primary meeting held in this place, on Saturday afternoon last, the following named gentlemen were chosen delegates to the Democratic County Convention to be held at Franklin to-morrow:

George W. Wilson.
Thomas Donaghy.
R. C. Coulter.
G. C. Gross.
D. P. Williams.
A. S. Smith.
E. M. Wolf.
James A. Wharry.
Manley T. McGee.
E. W. Barker.
J. W. Jenkins.
S. Sobel.
D. F. Monroe.
James S. McCray.
John Theobold.
George R. Kemp.
William J. McCray.

OUR STREETS AND ALLEYS.—If King Cholera doesn't visit this place it will not be the fault of our citizens—for they certainly are extending earnest invitations to him and his efficient co-workers in the cause of Death—Mr. C. Morbus and B. Complaint—in the way of unhealthy deposits of garbage in our alleys and streets. A walk through one of our most frequented alleys recently furnished us with inhalations of somewhere in the neighborhood of two hundred different smells. There were balmy beets, and bergamot butter, condensed cat cologne, dead dog deodorizer, exceedingly effluvious egg extract, frightfully fetid fumes, nephritis, odoriferous onions, particularly putrescent potatoes, putrid pigs, rodent rats, very villainous vegetables in variety; and others, which, though pungent to the small partake of a nature not allowing their enumeration in our columns, even had we space to give them an airing. If any of our people are bold enough to venture into the streets and alleys they can ascertain the need of action, and be regaled with all the "smells" in the catalogue. Try it just at dusk some evening.

THREE HAPPY HE WHOSE NAME HAS BEEN WELL SPOTTED IN THE DISPATCHES. I KNOW A MAN WHOSE LOSS WAS PRINTED. GROVE, ALTHOUGH HIS NAME WAS GROVE.

THAT WAS SAID BY BYRON LONG BEFORE DISPATCH SIGNIFIED TELEGRAM; WHEN DESPATCH WAS AN OFFICIAL ANNOUNCEMENT IN WRITING OR PRINT.

IN THESE DAYS HOW MUCH MORE PAT, WHEN OPERATORS WRITE BY SOUND.

FOR INSTANCE, THE WIRES ANNOUNCE THE DEATH OF PHILADELPHIA OF PROFESSOR CHARLES DEXTER, OF CLEVELAND, WHEREAS IT SHOULD READ PROFESSOR CHARLES DEXTER, CLEVELAND.

HOW TO PRESERVE ICE.—HOW TO PRESERVE ICE FOR A CONSIDERABLE LENGTH OF TIME FOR DOMESTIC PURPOSES, AND ESPECIALLY THE SICK ROOM, IS TOLD BY AN EXCHANGE THUS:—MAKE TWO BAGS OF STOUT WOOLEN FABRIC; THE OUTER BAG SHOULD BE MADE AT LEAST TWO INCHES WIDER EACH WAY THAN THE INNER ONE. AFTER PLACING ONE BAG INSIDE THE OTHER STUFF FEATHERS BETWEEN THE TWO, AND SEW THE BAGS TOGETHER AT THE TOP. PUT A BLOCK OF ICE INTO BAG OF THIS DESCRIPTION, AND IT WILL BE PRESERVED FOR NEARLY A WEEK, WHEN UNDER EXPOSURE IT WILL MELT IN LESS THAN AN HOUR.

BENEFIT TO MASTER BENNIE.—LAST APPEARANCE OF THE WHEELER FAMILY.—TO-NIGHT WILL BE THE LAST APPEARANCE OF THE WHEELER FAMILY IN PETROLEUM CENTRE.

MASTER BENNIE, WHO HAS BEEN FAVORING OUR PEOPLE WITH HIS WONDERFUL REPRESENTATIONS, WILL RECEIVE A BENEFIT TO-NIGHT, WHICH WILL BE THE LAST APPEARANCE OF THE TRouPE IN THIS PLACE.

DURING THEIR SHORT ENGAGEMENT IN PETROLEUM CENTRE, THEY HAVE BEEN LIBERALLY PATRONIZED SIMPLY BECAUSE THEY ARE WORTHY, AND THE BEST WISHES OF HOSTS OF FRIENDS WILL ACCOMPANY THEM IN THEIR TRAVELS. GO TO-NIGHT AND LISTEN TO THE BEST PROGRAMME OF THE ENGAGEMENT. SEVERAL NEW STARS WILL APPEAR THIS EVENING.

AN OMNIBUS.—IN OUR REPORT OF TAXES ON INCOMES, PUBLISHED SATURDAY, THE FOLLOWING NAMES WERE OMITTED: J. R. MITCHELL, \$330; H. FREEMAN, \$34; KASPER KUGLER, \$14.—THIS COMPLETES THE LIST OF TAXES ON INCOMES, BUT DOES NOT INCLUDE THOSE WHO PAID SPECIAL TAX ON WATCHES, ETC.

NEW WELL ON THE PIERSON FARM.—A NEW WELL WAS STRUCK ON THE PIERSON FARM ON SATURDAY LAST, LEASE 34, AND IT IS NOW DOING 25 BARRELS. THE OWNERS ARE MEARS NOTT BROTHERS, E. VAUGHN, AND OTHERS.

SOME EXCITEMENT.—A LARGE PARTY OF OIL OPERATORS FROM PLEASANTVILLE, PASSED THROUGH THIS PLACE THIS MORNING, ON THE EARLY TRAIN, ON THEIR WAY TO PARKER'S LANDING, ON A PROSPECTING TOUR.

THE HIGHEST PRICE AT WHICH GOLD WAS SOLD SINCE THE COMMENCEMENT OF THE LATE CIVIL WAR WAS 285%, AT WHICH FIGURE SALES WERE MADE ON "CHANGE" AT NEW YORK ON THE 11TH OF JULY, 1864. HENCE THE LOWEST GOLD VALUE TO WHICH LEGAL TENDER FELL WAS THIRTY-FIVE CENTS PER DOLLAR, AND THE HIGHEST DISCOUNT WHICH CURRENCY ATTAINED WAS SIXTY-FIVE PERCENT.

IT IS FOUND THAT THE LOSS OF CURRENCY BY WEAR AND TEAR IS MORE THAN SUFFICIENT TO PAY THE EXPENSE OF PRINTING AND ISSUING IT. THE AVERAGE LIFE OF A BANK NOTE IS THREE YEARS, AND THAT OF CURRENCY A MUCH SHORTER TIME.

TELEGRAPH

REPORTED FOR THE DAILY RECORD.

Afternoon Dispatches.

St. Louis, Aug. 21.

Tom Allen has accepted the proposition to add \$1,000 to the stakes of the late match and fight the battle over. He names a place within fifty miles of Cincinnati, and time from seven to ten days hence. A meeting is to be held this evening to sign articles if Gallagher agrees to the above.

SPARKLING AND BRIGHT IN LIQUID LIGHT.

Eric.—Drinkers of champagne who would like to know all about the sparkle and the liquid light, and so on, should note that in a recent issue of a champagne making establishment the articles found on hand were four barrels of common white wine, one barrel of mohsae, one barrel of vitro. N. Y. Herald.

Courage is not always allied to muscle. Some of the bravest men that ever lived—even warriors who have gained brilliant glory on the battle field—have been men of feeble organizations. On the contrary some of the greatest cowards in the world ever saw were men of Herculean strength and Falstaffian proportions. You can't always tell about certain things, and occasionally it isn't best to.

The gentle Susan B. Anthony has been snubbed numerically and treated without the courtesy generally accorded to her sex, but which she scorns to accept on that consideration. She has been put out of the Labor Congress. More than that, two thousand printers of the New York Typographical Union charge her with willful falsehood, with deliberate violation of the rules of the Union, and with inconsistency in that she berates the community for not giving women their rights, whilst she herself refuses to pay the women compositors on her newspaper the wages paid to women compositors in other offices.

A good joke is related of the Hon. John Morrissey, of New York, whose education is said to be somewhat limited. Although

he says, "John don't carry on a heavy correspondence with his constituents. If he manages to write one letter weekly to

"Mrs. J. M.—, New York City, he congratulates himself upon the result of his pistolery efforts. A friend of his recently said, "Why, Mr. Morrissey, you spell city with two 't's. How is that?" "Oh," said John, with the utmost coolness, "New York is a big place, though. It requires two 't's to spell as big a place as that."

The Treasurer of the United States has directed that all ten dollar notes coming into the Treasury be held, and that no more be issued. The design is to withdraw the entire issue from circulation, and destroy it, to guard against the corruption of the newly discovered, dangerous counterfeits of that denomination.

RAMSEY, ONE OF THE DEFENDANTS IN THE SUSQUEHANNA RAILROAD CASE, AGAINST WHOM JUDGE BARNARD ISSUED ATTACHMENTS ON MONDAY LAST, CAME VOLUNTARILY INTO COURT THURSDAY AND SURRENDERED HIMSELF. BARNARD, WHICH AT FIRST HAD BEEN FIXED AT \$20,000, WAS REDUCED TO \$10,000, AND PROPER SECURITY ENTERED. JUDGE BARNARD SUBSEQUENTLY ISSUED AN ORDER GIVING BOTH PARTIES TILL THE 21ST TO FILE INTERROGATORIES AND ANSWERS.

ABOUT FORTY FEET OF THE STATE ARSENAL AT BUFFALO, NEW YORK, ON THURSDAY MORNING, CARRYING WITH IT THIRTY THOUSAND ROUNDS OF AMMUNITION. THE REEPER HAD A NARROW ESCAPE. THE SIXTY-FIFTH REGIMENT DRILLED THERE THIS MORNING, AND HAD THE ACCIDENT OCCURRED, THEN THE LOSS OF LIFE WOULD HAVE BEEN TERRIBLE.

AT THE TROTTING RACE AT BUCKEYE COURSE, CINCINNATI, FRIDAY, BETWEEN Lexington-Peas Green and Dolly, the race was awarded out by the judges, and the people returned on account of a "foul" by the driver of Peas Green, crowding Lexington off the track.—Three heats had been run. A disposition to raise a disturbance was manifested by those who had set the thing up, but the police hustled the disturbers off the ground. The decision of the judges gives general satisfaction.
